SCOTTISH
UNIVERSITY
OF THE YEAR

WELCOME

Over the last five centuries, the University of Glasgow has pushed the boundaries of possibility. We've fostered the talents of seven Nobel laureates, one Prime Minister, and Scotland's inaugural First Minister. We have always been at the forefront of innovation, and our past achievements inspire our current world changers.

With more than 28,000 students, the University is a melting pot of ideas, ingenuity and innovation. It is housed in one of the most stunning campuses in the UK and in a city that matches the University in dynamism and vibrancy. We know we offer a unique student experience and we welcome you to find out for yourself.

Life at Glasgow

WHY SCOTLAND?

As well as having a world-renowned education system and more world-class universities per head of population than anywhere else in the world, Scotland has lots to offer. With Glasgow as a base, you will be in the ideal location to explore the country as well as the wider UK and Europe.

Culture and History

Scotland has a thriving arts and culture scene, from vibrant live music, theatre and dance to festivals and captivating museums. History buffs can explore 11,000 years of Scottish history from the invasion of Edward I in 1296 to the opening of the Scottish parliament in 1999. Architecture fans are spoilt for choice with Scotland's rich legacy of striking and unique architecture.

Scotland's People

Scotland is famous around the world for its warm and friendly population and it is often said that when you visit, it feels like home. Throughout history, the people of Scotland have changed the way we live through innovations in science, technology and academia. Scotland's legacy includes the pioneering invention of the telephone by Alexander Graham Bell and the development of television by John Logie Baird. More recently, scientists at the University of Glasgow were among the first to observe gravitational waves.

Explore

Scotland was voted "Most Beautiful Country in the World" in 2017* and it's easy to see why. Explore the waters of Loch Lomond, the hills of Glencoe and the castles of the Scottish Highlands, all just a short journey away. Take a trip on the Jacobite steam train, which famously featured as the Hogwarts Express in the Harry Potter movies! And if you feel like exploring on foot, there are trails, routes, hill climbs and mountain adventures to suit walkers of all levels.

From Glasgow it's easy to visit Scotland's other cities allowing you to check out the world's largest arts festival in Edinburgh or visit the new V&A in Dundee, an international centre for design in Scotland.

DISCOVER GLASGOW

With a wealth of cultural attractions, impressive architecture, fantastic shopping and a year-round programme of world-class events, it is easy to understand why Glasgow is firmly established as one of Europe's most exciting destinations.

Eating out

The city's fantastic range of restaurants and cafés reflects its diverse population. Whether you're after an amazing Asian kitchen, a scoop of the creamiest Italian ice cream, or a plate of traditional haggis, neeps and tatties (Scotland's national dish) – Glasgow won't disappoint. Many eateries offer student discounts too.

Shopping

It's no surprise that Glasgow is consistently voted the top place to shop in the UK outside of London. The city centre is a retail hub and has a 'style mile' containing big-name shops like Topshop, Nike and the Apple Store, as well as designer outlets and quirky vintage boutiques.

Sports

Following our successful hosting of the 2014 Commonwealth Games, and the 2018 European Games, our sports facilities have never been better. With the Sir Chris Hoy Velodrome and national football stadium Hampden Park, plus an indoor snowboard and ski slope (with real snow) and ice arena, you'll be spoilt for choice.

Nightlife

As the UK's first UNESCO City of Music, Glasgow is host to around 130 music events every week – many of them hosted at the University itself. Catch global pop superstars, local indie bands and world class classical musicians across Glasgow's eclectic range of music venues.

Glasgow's nightlife is unrivalled with the city featuring more than 700 bars, pubs and nightclubs – not to mention 7 cinemas, including the tallest in the world!

Parks

If you are looking for somewhere to relax and escape the city buzz, Glasgow has plenty of options. In fact, the city has more green space per head of population than any other European city. Explore over 90 parks and gardens, including the beautiful Kelvingrove Park which surrounds the University.

Getting around

Despite being Scotland's largest city, Glasgow is easy to get around. Whether you choose to walk, take the bus or use the subway, you can reach any city destination within minutes.

Find out more at:
peoplemakeglasgow.com

OUR LOCATION

Excellent transport links to the rest of the world.

Glasgow International Airport (20 minutes from campus) combined with Glasgow Prestwick International Airport and Edinburgh Airport (both less than one hour away) service direct flights from many key international hubs including London, Amsterdam, Paris, New York, Toronto and Dubai.

FLEXIBLE DEGREES

Flexible degrees in arts, social sciences and science offer you the flexibility to study several subjects before choosing a specialism of one or two.

Example of BSc Single Honours degree path

(The MA (SocSci) Single Honours degree follows a very similar path, with the addition of a new Level-1 subject in year two).

Year 1 Choose three different subjects according to your interests.	MATHEMATICS LEVEL 1	+	PHYSICS LEVEL 1	+	CHEMISTRY LEVEL 1
Year 2 Continue with two of your first-year subjects.	MATHEMATICS LEVEL 2	+	PHYSICS LEVEL 2		
Years 3 & 4 You'll study your degree subject exclusively from third year onwards.	MATHEMATICS LEVELS 3 & 4				
Honours Degree Destination: BSc with Honours in Mathematics					

Example of MA Joint Honours degree path

(The MA (SocSci) and BSc Joint Honours degrees follow a similar format).

Year 1 Choose three different subjects according to your interests.	PHILOSOPHY LEVEL 1	+	HISTORY OF ART LEVEL 1	+	POLITICS LEVEL 1
Year 2 Continue with two of your first-year subjects and choose another.	PHILOSOPHY LEVEL 2	+	HISTORY OF ART LEVEL 2	+	CLASSICS LEVEL 1
Years 3 & 4 Specialisation in two chosen subjects in the final two years.	PHILOSOPHY LEVELS 3 & 4	+	HISTORY OF ART LEVELS 3 & 4		
Honours Degree Destination: MA with Honours in Philosophy & History of Art					

HOW TO APPLY UNDERGRADUATE

You can apply for an Undergraduate programme either through the Universities & Colleges Admissions System (UCAS) or the Common Application. Applicants must apply to the university using only ONE of these systems.

1 Choose your programme

Check out the list of degree programmes listed in the guide or visit glasgow.ac.uk/undergraduate

2 Check the entry requirements

Entrance requirements vary depending on the programme.

If you have exceptional A-Level grades it is possible to enter directly into Year 2 or follow a faster route advanced entry programme in some degree programmes.

We accept qualifications from around the world for entry to our programmes. To check country specific entry criteria visit glasgow.ac.uk/international

3 Check application deadlines

For most undergraduate studies, the application deadline is 30 June for international students although we recommend applying by 15 January.

For Dentistry, Medicine and Veterinary Medicine the deadline is the 15 October the year prior to entry.

4 Complete your application

The University of Glasgow accepts applications either through the Common Application or UCAS. Apply either through www.ucas.com or www.commonapp.org

5 Interviews/Auditions for select subjects

An interview will be part of the selection process for: Dentistry, Medicine, Music, Nursing, Teaching and Veterinary Medicine & Surgery.

6 You'll hear from us

We'll be in touch on a rolling basis to tell you if you have been made and offer (conditional or unconditional) or have been unsuccessful.

GLASGOW INTERNATIONAL COLLEGE

If you're an international student but not quite ready to study at Glasgow, our partner institution, Glasgow International College, can help you to achieve the required standards for admission to the University.

Based on the University campus, Glasgow International College allows you to experience student life in Glasgow while gaining the knowledge and skills you'll need to succeed in your degree.

Undergraduate: Foundation Certificate

If you successfully complete a Foundation Certificate at the required level, you can progress to the second year of a degree programme in a large number of Degrees across the University. Foundation Certificates are offered in:

- Business
- Engineering
- Science
- Social Sciences

Postgraduate: Pre-Master's

If you successfully complete a Pre-Masters programme at the required level, you can progress to a Masters programme in a wide array of areas across the University. Pre-Masters are offered in the following subjects:

- Arts & Humanities
- Business, Economics & Finance
- Law & Social Sciences
- Science & Engineering
- Medical, Veterinary & Life Sciences

- Sociology
- Theatre Studies
- Theology & Religious Studies
- Urban Studies
- Veterinary Medicine
- War Studies

You can find the full A–Z of all postgraduate programmes at glasgow.ac.uk/postgraduate

STUDY WITH US POSTGRADUATE RESEARCH

We are a research-led university where inquisitive minds can develop their ideas. A place where people make discoveries that change the world.

Research Programmes

Postgraduate research degrees can generally be divided into Research Masters (MRes) and Doctoral (PhD) degrees. They allow you to undertake a research project under the guidance of an academic supervisor. Students undertaking a research degree are expected to make a significant contribution to knowledge in, or understanding of, a field of study. We welcome applicants with their own research proposal or those looking for a specific funded project title.

Integrated PhD

Our 4 year Integrated PhDs combine a taught masters and research degree and are available in a growing number of research areas. Our ethos of research-led teaching allows students to hone their research ideas and discuss these with potential PhD supervisors during year 1. The structure of an Integrated PhD is as below:

Year 1: completion of taught Masters level modules

Years 2–4: research degree

Find out more at glasgow.ac.uk/research

Research Beacons

The Glasgow Research Beacons are cross-disciplinary areas of research excellence, which have attracted major financial and intellectual investment. They bring together inspiring researchers from across the University who are working with other institutions, funders, practitioners, policy makers and charities to address grand challenges that have impact on both a national and international scale.

Our 6 Research Beacons are:

- Precision Medicine & Chronic Diseases
- Cultural & Creative Economies
- Future Life
- One Health
- Addressing Inequalities
- The Nano & Quantum World

Find out more at

glasgow.ac.uk/research/beacons

HOW TO APPLY POSTGRADUATE

Applications to postgraduate study are made directly to the University of Glasgow via our online application form.

Taught Programmes

The application deadline is towards the end of July for programmes starting in September – please check our website for exact dates and exceptions. Please note that our Masters in Veterinary Public Health (MVPH) has a deadline of end of October prior to the entry year.

Research Programmes

Application deadlines vary across the University and details are located on the relevant programme pages.

All postgraduate research students are allocated a supervisor who will act as the main source of academic support and research mentoring. Before you apply, you should identify a potential supervisor. You may want to contact them to discuss your research proposal before you apply.

You can search for a supervisor at glasgow.ac.uk/research/opportunities

Online Programmes

Applications for programmes delivered online can be submitted until the commencement of the programmes in September.

Required Documents

To apply for a taught or research postgraduate programme, you need to provide:

- A final or current undergraduate degree transcript – scanned copy in colour of the original document
- Degree certificate if you have already completed your degree – scanned copy in colour of the original document
- Two references on headed paper (academic and/or professional – see specific programme entry requirements)
- Any additional documentation specifically listed under 'Entry requirements' on the programme page
- A copy of your passport (photopage)

Candidates whose first language is not English must show evidence of appropriate competence in English before finalising their offer.

SHORT TERM STUDY AT GLASGOW

International Summer School

Our credit-bearing International Summer School is an excellent introduction to studying at a world renowned university. We have a wide range of courses on offer, including Mathematics, Physics, Functional Anatomy and courses in International Education, Religion and Spirituality, Bagpiping, English Language and many more. Courses range from 3 to 8 weeks.

Summer study allows you to:

- Explore a particular subject in more depth
- Experience teaching from world-class academic staff
- Supplement your studies and gain international experience and credits
- Explore Scotland and meet people from around the globe.

Course fees are inclusive of:

- Tuition
- Accommodation
- Social and cultural programme
- Access to university facilities such as the sports centre
- Airport pick up on arrival
- Certificate ceremony and transcript

Find our more and apply at glasgow.ac.uk/lss

Study Abroad and Exchange

The University of Glasgow welcomes over 1500 visiting students every year. Our Study Abroad and Exchange programmes allow students to study at the University of Glasgow for either a semester or a full year as part of their undergraduate degree programme.

We offer a range of unique courses with a high degree of flexibility. It is possible to combine classes from across all four of our Colleges (dependent upon pre-requisites being met and timetabling), which means that you can pick subjects in:

- Arts
- Medical, Veterinary & Life Sciences
- Science & Engineering; and
- Social Sciences

Find our more and apply at glasgow.ac.uk/abroad

FINANCE & FUNDING

We believe academic excellence should be nurtured and supported. If you want to join us, you'll be pleased to know there's financial help available.

Tuition Fees

How and when you pay tuition fees depends on the type of degree you wish to study. We provide up-to-the-minute information on tuition fees and how to pay at glasgow.ac.uk/study/fees

Scholarships

The University is committed to supporting students and rewarding excellence. We offer a wide range of scholarships for international students to support undergraduate or postgraduate study. These include:

- **Undergraduate Excellence:** £5,000 tuition fee discount per year of study (course must be minimum 4 years in duration)
- **University International Leadership Scholarship:** £10,000 tuition fee discount for Masters programmes
- **University of Glasgow Chancellors Award:** £10,000 tuition fee discount for Masters programmes
- **Lord Kelvin Adam Smith Interdisciplinary PhD Scholarships:** Full tuition fee waiver, stipend and annual research support budget.

For a full list of scholarships including eligibility, visit glasgow.ac.uk/scholarships

Living costs

Everyone has different spending habits, but as a general guide, we recommend that a single student should allow approximately £12,100 per year, and a married couple should allow a minimum of £18,000. For each child add £3,000 per year.

A guide to your costs

Average cost per month	
Accommodation and utilities	£470
Food	£180
Clothes	£70
Bus, underground and taxis	£40
Laundry/stationery/toiletries etc	£30
Telephone/internet	£40
Entertainment	£120
Total	£950
Additional costs per year	
Books	£400
UK travel	£300
Total	£700

To find out your options and to get tips and tools that can make your money go further, see glasgow.ac.uk/studentfinance

Visa Application

The application fee required to obtain a Tier 4 visa will depend on your country of residence, please visit www.gov.uk/visa-fees for more information.

Healthcare

International students studying in Scotland are eligible for medical treatment under the National Health Service (NHS), including prescriptions - and pay an Immigration Health Surcharge of £150 per year.

STUDENT SUPPORT

No matter how far you travel to join us, we'll help you feel at home. Glaswegians are famed for their friendliness and we have a team of specialist staff dedicated to your needs. From before you begin your journey to Glasgow, we work hard to make sure that when you arrive, you'll have the best experience possible.

Before you arrive

As you plan and prepare for your journey to Glasgow, our International Student Support team can give you advice on any concerns you have, including:

- immigration and visa
- employment
- finance
- welfare and personal issues

See glasgow.ac.uk/international/support or email internationalstudentsupport@glasgow.ac.uk

You can also find our Pre-departure Checklist and more at glasgow.ac.uk/international/support/before

Improving competence in English

We provide courses to help you reach a proficiency level equivalent to the required IELTS score through our English for Academic Study (EAS) Unit. Pre-session courses can last from 5 to 40 weeks depending on your entry level. You can find more information at glasgow.ac.uk/eas

If you'd like additional English language tuition once you've started your academic course, we also provide part-time language support classes, which are free of charge if you pay the full international student fee.

International student orientation programme

Our orientation programme provides information on our excellent services as well as some sessions on life in Glasgow. You will get the chance to meet fellow students at an evening social event and take part in a city bus tour. We also have a welcome team who can meet you on arrival at Glasgow Airport. For details, see glasgow.ac.uk/international/support

International Student Support

The International Student Advisers can help you with the practical aspects of living and studying in Glasgow. Our advisers aim to give sympathetic, confidential and practical help on a wide range of matters as quickly as possible; they also organise regular workshops and a wide range of activities. For more information, see glasgow.ac.uk/international/support

Student Services

The University also offers an array of other student services to support you throughout your studies:

- Library open 19 hours a day
- Counselling & Psychological Services
- Advisers of Studies
- Disability Service
- Learning Enhancement & Academic Development Service
- Careers & Employability

ACCOMMODATION

We understand that moving to a new country can be a daunting experience. The accommodation service is here to help you find a suitable place to live and can guarantee a place in our residences (providing you've applied for residence before 22 August). You can apply for accommodation as soon as you have accepted your offer, even if your offer is conditional.

We have seven student residence options for both undergraduate and postgraduate students, in convenient locations within walking distance of our main campus. Benefits include:

- trained pastoral staff living onsite
- group insurance cover for your belongings
- automatic membership of the University's sport and recreation facilities
- 24/7 internet access incorporating wi-fi in all bedrooms
- managed on-site coin-operated laundries
- single gender occupancy available

Fees

Fees range from around £4,120 for a shared room in a self-catered residence or £5,680 for a single en-suite room in a self-catered residence, to around £6,950 for an en-suite single bedroom in catered accommodation for a 39-week contract.

Private Accommodation

If you'd prefer to find accommodation through a private landlord, we can offer advice and help. Search our private accommodation database at www.glasgowpad.org/

How to apply

- You can apply from February if you have firmly accepted your conditional or unconditional offer
- The deadlines for applications is the 22nd August
- Offers are sent from April onwards for students holding an unconditional offer. Students holding a conditional offer will receive an offer of accommodation once their conditions of study have been met
- Once you have received your offer, you will be required to pay a deposit to secure your place.

For further information visit glasgow.ac.uk/accommodation

'CHAT TO OUR STUDENTS'

Ask our current students a question about life at Glasgow at: glasgow.ac.uk/askastudent

STUDENT LIFE

Becoming a member of our student unions, clubs and societies can be a great way to meet like-minded people, discover what you're good at, pursue your passions and boost your employability.

Choose from two unions

Glasgow University Union (GUU) has everything a student needs within the stunning old Union building and purpose-built extension nightclub. The GUU features nine bars, two libraries, a debating chamber, snooker and pool hall, convenience store and coffee shop. It runs weekly games and entertainment, and is the most successful debating institution in the world, with five World University Debating Championships to its name.

Queen Margaret Union is a renowned live music venue and has hosted world-class bands including Nirvana, The Red Hot Chili Peppers and Franz Ferdinand. The QMU also hosts student-run club nights and events including pub quizzes, open mic nights and the University's eco hub. For more information, visit www.guu.co.uk and www.qmunion.org.uk

Find your voice with student media

The University's student media has a fantastic reputation. You can join teams that produce:

- Glasgow University Guardian: the University's official student newspaper.
- Glasgow University Magazine (GUM): a high-quality student magazine with in-depth articles that cover current socio-cultural issues.

- Subcity: broadcasting from Glasgow to the world, Subcity Radio is managed by a team of 50 people and relies on the contributions of nearly 200 presenters.
- Glasgow University Student Television (GUST): produces award-winning creative, factual and live content throughout the year that is broadcast online at gust.tv

Make yourself heard

Our Students' Representative Council (SRC) voices your opinions to the decision makers by campaigning and sitting on all the major University committees. The SRC is run for students, by students - and each year you can vote for the candidates you want to represent you, or stand for office yourself.

Find out more at www.glasgowstudent.net

Discover new hobbies

Glasgow's student clubs and societies provide a great way to learn new skills and make friends:

- more than 250 clubs and societies, from Aviation and Anatomy to Wrestling and Zoology
- Start your own club or society with help from the SRC
- Explore the possibilities at www.glasgowstudent.net/clubs

SPORT FOR EVERYONE

Whether you're a world-class athlete or new to exercise, we have the facilities and expertise to keep you motivated. What else would you expect from the host city of the 2014 Commonwealth Games?

Sport for fun

From the serious to the social side of sport, we love it all at Glasgow. We have over 15,000 members of our sports facilities and approximately 4,000 students participating in our 51 different sports clubs. With so many activities to try out and plenty of post-exertion socialising opportunities available, you can get fit and have fun at the same time.

Sport for the great outdoors

If you like some fresh air in your fitness regime then you're in the right place. Clubs such as the Hares and Hounds offer road, cross-country and hill-training runs for all standards – or you could tackle some of Scotland's fantastic mountain trails with the cycling club. You could even find yourself skydiving, surfing, snowboarding or potholing in Scotland and beyond.

Sport for team players

With excellent facilities for team sports at the University's Garscube Sports Complex (the home of outdoor sport) and a number of friendly clubs open to new members, you could find yourself enjoying American football, basketball, rowing, cricket, curling, football, golf, hockey, netball, rugby, volleyball; and much more! Our athletes and teams compete against the best in the UK with great success.

Sport for fitness

Our two purpose-built facilities are open seven days a week, early until late. Facilities include:

- A six-lane, 25m heated swimming pool
- Sauna and steam room
- Squash courts
- Pulse – cardio and resistance gym
- PowerPlay – weights, conditioning and functional training gym
- Sports hall with Fanzone (the home of indoor sport)
- Activity hall
- Studios
- Six grass and two all-weather synthetic pitches
- Cricket oval
- Tennis courts

Sport for fun

If you're a talented athlete, we offer academic flexibility and a range of services to support you, as well as sports bursaries and scholarships. For further details, see glasgow.ac.uk/sport/support/scholarships

Badminton is one of 51 sports clubs you can choose from

Our basketball drop-in and club sessions take place in our new sports hall

Exercise classes are free for members and take place throughout the day

AN INTERNATIONAL EXPERIENCE

Internationalisation is a key feature of our strategy as a university, and we offer a range of opportunities for students to ensure they benefit from a global experience.

An international campus

With almost 26,500 students and over 8000 staff from over 140 countries, the University offers a truly international experience for the whole community. During your time at Glasgow, you can explore new cultures, cultural clubs and societies, and life in the city. The University was recently ranked 32nd in the Times Higher Education's 'Most international universities in the world'.*

Partnerships with universities around the world

As a globally connected university with deep civic roots, for over 560 years Glasgow has established creative and vibrant partnerships with communities, colleagues and students across the world. We have strategic alliances with Columbia University, McGill University and Nankai University, as well as additional partnerships and collaborations for research and mobility all over the world. We are also founding members of key international networks U21 and The Guild of European Research Intensive Universities.

Exchange and study abroad opportunities

Choose from over 120 destinations across the globe. We have partners across Europe and more than 50 international partners in Argentina, Australia, Azerbaijan, Brazil, Canada, Chile, China, Hong Kong, Japan, Korea, Malaysia, Mexico, New Zealand, Singapore, South Africa and the USA.

You don't need to speak an additional language, as a lot of our partners teach in English. You can however, take free language courses here to prepare for your time abroad and continue learning the language throughout your placement.

WORLD-CHANGING CAMPUS

We're creating a campus to inspire the next generation of world changers. Over the next ten years, a major plan of investment heralds one of the most significant expansions and developments of a UK university city campus for over a century. This exciting development follows the recent creation of state-of-the-art University facilities at the Kelvin Hall in the west end, and at Queen Elizabeth University Hospital in the Southside of Glasgow.

The future of learning at Gilmorehill

The University is expanding. We have acquired a 14-acre site on the doorstep of our current main campus, and have an ambitious development plan that will increase our footprint on the city by 25% and will benefit our students, researchers and community.

We're creating a Research & Innovation Hub that will inspire more world-changing discoveries. The Hub will house large-scale interdisciplinary projects and incubator space for spin-out collaborations with industry.

Close to the new site, we've started work on the new Learning & Teaching Hub on University Avenue. This flagship development will be a creative environment, combining flexible study and social learning space with multi-styled and technology-enabled teaching. The Teaching Hub will increase our teaching capacity and give students access to interdisciplinary workspaces, from quiet zones to social spaces, to a huge atrium.

The Teaching & Learning Centre at Queen Elizabeth University Hospital

Glasgow's Queen Elizabeth University Hospital is the largest hospital campus of its type in Western Europe. It offers services for adults, children and maternity on a single site, including world-class critical care, theatre and diagnostic services.

Working in partnership with NHS Greater Glasgow and Clyde, we are proud to have led the development of custom-built teaching and clinical research facilities at the new hospital totalling more than £70m. These investments enable the University to lead the development of innovative diagnostics and precision medicine, and deliver research-led training of tomorrow's doctors.

The Hunterian at Kelvin Hall

The Hunterian is one of the world's leading university museums. The original collection, bequeathed by Dr William Hunter in 1783, has grown over 200 years to include more than 1.5 million objects.

Now, in partnership with Glasgow Museums, Glasgow Sport and the National Library of Scotland, we have transformed the Kelvin Hall, one of Glasgow's landmark buildings, into a centre of excellence for research, teaching, and public engagement.
