# Welcome to *Lancaster*

I am delighted that you are considering Lancaster University as the next step for your future. In exploring your options, it is important that you choose wisely in both your degree, but also the environment in which you decide to study.

Lancaster is a global university with an international reputation for combining world-leading research with a personal educational experience.

Our reputation is reflected in a top 10 position in two UK league tables and a gold rating in the Teaching Excellence Framework. Lancaster's academics are experts in their disciplines and their research has impact well beyond academia – improving lives and communities, whilst impacting business and global challenges. By studying with us, we invite you to be part of this global academic community.

Our green and spacious campus is on the doorstep of some of the most beautiful landscapes in England, yet also well connected to the rest of the UK.

We continually invest in our facilities which, combined with academic researchers and teachers, creates a centre of knowledge where our students thrive. Our collection of colleges offers a close-knit support network and the chance to make friendships and networks for life. As a Lancaster University graduate, you would be joining a global family of more than 150,000 alumni.

Whatever your interests and ambitions, I am confident that Lancaster is the place for you and I look forward to welcoming you to the University.

*Professor Andy Schofield*  
*Vice-Chancellor*

# Why Lancaster University

## Academic excellence

Our international reputation for academic excellence means that we attract the brightest minds from around the world. Our academics are experts within their respective fields and deliver research-led teaching. This means that you will learn in a stimulating environment from academics who are at the forefront of their field of research. This is all reflected in our award of Gold in the latest Teaching Excellence Framework (TEF), which is the highest rating that a university can achieve.

## Graduate success

Our programmes are designed to equip and prepare you for the next stages after graduation, whether that is in industry or continued academic development. Some of our courses have been co-designed with industry, and many involve projects and research conducted for

organisations, and feature guest lectures and workshops.

We also have a variety of careers support available to help make sure you're in the strongest position to achieve your career goals, in the UK or overseas.

## The Lancaster experience

Studying at Lancaster University is about so much more than just getting a degree. It's an amazing experience that provides you with a range of opportunities.

At the heart of the Lancaster experience is our thriving community of students, staff, alumni and international partners. We are proud to be one of a handful of UK universities to have a collegiate system. Lancaster has nine colleges, with students and staff belonging to one of them. Whether you chose to study on campus or by distance-learning, you will be part of a supportive and friendly college community.

## A global community

Over 5,000 students from more than 100 countries choose to study with us. Lancaster is diverse and rich with culture, providing lots of opportunities for our students to benefit from international insights and global perspectives.

Our global community extends beyond the UK, through our vast alumni network and partnerships around the world. Working with partner universities and institutions in China, Germany, Ghana and Malaysia, we have developed opportunities to allow students to access a Lancaster education across the globe. Each year we have thousands of students studying for Lancaster degrees at overseas campuses and international partner institutions.

Guide 2021

# A perfect location

*Located on a beautiful 560-acre parkland campus in north-west England, Lancaster University provides the perfect space for high-quality teaching and pioneering research.*

Lancaster brings together the 'best of both worlds' as it is located in an idyllic part of the UK and has excellent links to many major cities. It is the perfect base to explore the very best of the UK. Close to the Lake District (a UNESCO world heritage site) and the stunning north-west coastline, Lancaster has excellent road and rail links to major cities such as Manchester and Liverpool, and is just a train ride away from London and Edinburgh.

## Life on campus

The campus has everything you would expect from a top university, including a state-of-the-art library, modern learning spaces, specialist laboratories and workshops, and a variety of study spaces for group or individual work.

But more than that, it's like a bustling town. You'll find everything from cafés, bars and restaurants to art galleries, theatres and a student-run cinema. There are a range of services from a general medical practice and sports facilities, to laundrettes and convenience shops, all of which is surrounded by green space, parkland and stunning landscapes of mountains, forests, hills and coastline. Follow us on Instagram to learn more [@lancasteruni](https://www.instagram.com/lancasteruni).

## Life in the UK

The UK is among the most visited places in the world. There's lots to experience, from the iconic cities of London and Edinburgh, to the dramatic rural landscapes that have inspired poets. The UK is a friendly and welcoming place, with a rich and exciting history, and is made up of culturally diverse communities.

Much of the UK remains green countryside, with major cities being busy, exciting hubs of activity. This means you can experience everything from lakeside walks and mountain hikes, to shopping in large retail destinations and socialising in energetic cities. The UK has excellent healthcare and good public transport. The weather is varied from snowy winters to warm summers, and you can enjoy food from all over the world. The UK is a place where anyone can feel welcome.

# City, hub and heartland

*This is a region that rises from a stunning coastline up to dramatic mountains. It's criss-crossed by canals and the River Lune, and dotted with towns and villages full of character and heritage. At the heart of it all, you'll find Lancaster.*

It's a place where history is written into the city streets. Take a walk from Queen's Priory, around Lancaster Castle, past the fine Georgian architecture and through Williamson Park up to the Ashton Memorial; it's a journey through time, from the medieval age to today.

The past is fascinating, but there's an exciting future here too – with innovative industry, dynamic start-ups and free thinkers all producing something new, every day. Here, there's room for free spirits and creative thinkers. The bookish, the outgoing, the trendsetters. With an eclectic range of busy bars, laid-back coffee houses and independent shops, there's a place for them all.

And, always in the background, there's the spectacular coastline of Morecambe Bay, the open countryside of North Yorkshire and the mountains of the Lake District. Lancaster has so much to offer, we're sure there's something for everyone.

Find out more about Lancaster's story at [www.lancaster.ac.uk](http://www.lancaster.ac.uk).

## *For the food lover*

Whether you fancy a poke bowl, a conveyor belt serving sushi or even a spicy curry, you'll find that Lancaster offers a range of international cuisines to suit most tastes. If, however you want to try some more traditional food you could try a Sunday roast or even a classic English fry-up for breakfast. You can also find wholefood cooperatives, food stalls, traditional bakeries and Atkinson's Coffee Roasters who have been roasting coffee beans for more than 180 years.

## *For the sociable*

So much of your university experience is about spending time with friends. Lancaster makes this easy for you with our many cafés and nine college bars on campus. You will find more places to socialise in the city centre, where you can discover a mixture of cafés, bars and clubs. If you fancy a bigger city then Manchester, Liverpool and Glasgow are easy to reach by train.

## *For the explorer*

Lancaster is surrounded by beautiful countryside and the Lake District, a UNESCO world heritage site, is less than an hour away. You'll find many beauty spots to explore, including the Forest of Bowland, which is an official Area of Outstanding Natural Beauty, and the rugged coastline of Warton, Grange-over-Sands and Silverdale. If you want to venture further afield, then you can travel up to the Cumbrian countryside, to the Pennines or the Scottish Highlands.

## *For the culture lover*

As well as everything that you'd expect to find in a city centre, you'll also discover a scene that is less mainstream. Independent shops and a street market offer the shopper an alternative to the more well-known high street stores. Film, theatre, literature and art can be found at Lancaster's larger venues of the Storey, the Dukes and Lancaster Arts, but you can also find smaller exhibitions and performances in Lancaster's many pubs, cafés and outdoor spaces.

# Teaching and learning

*At Lancaster, we pride ourselves on the quality of our teaching and student experience.*

## For our undergraduates

### *Flexible study*

We offer a flexible approach to your studies that you won't find at many other highly ranked universities.

For many of our degrees, this means that you'll have options to study an additional subject from the very start – whether it's a subject within your major degree programme, or in another area altogether. Some of these options have entry requirements, while others don't. However, some degree subjects, such as medicine, physics and engineering, don't have options in the first year as there is so much material that needs to be covered, or is prescribed by professional bodies.

Studying these options will offer you the chance to explore an area that interests you, whether it is something you enjoyed at school or something completely new. These options can enrich your studies and help you to appreciate your degree in a wider context. This breadth is also appealing to future employers.

It's worth thinking about your choices now, but you don't have to commit until just before your course starts.

Our flexible approach to teaching and learning also means that many of the courses we offer allow you the option to choose from a wide selection of modules. Examples of

the modules available on each course are listed on our online course search. However, not all modules will be available each year so please check with your department or our online course search before applying.

### *Independent learning*

Studying for a degree at Lancaster is more than just gaining a deeper knowledge of your subject. We also focus on helping you develop the skills required to succeed in the workplace or further study, such as leadership and teamwork.

Independent study is a key component of your learning, and designed to challenge and inspire you. This might feel different at first, but you won't be left on your own, as there is a range of help available to support you in becoming an independent and effective learner able to analyse and critically evaluate information – skills highly valued by employers.

### *Placement year*

Our placement degrees provide the option for you to spend your third year, out of four, working in a graduate-level role. This valuable opportunity will help you to apply the skills you have developed in your first and second years of study,

refine your career plans and make a fantastic addition to your résumé, significantly boosting your prospects for graduate employment. Finding and securing a placement opportunity is down to you, just as it would be when applying for a graduate vacancy. However, we will provide you with plenty of support and guidance in where to look for placements, writing your CV, applying for positions, preparing for interviews, and even taking part in assessment centres.

While a placement role may not be available in a field or organisation that is directly related to your academic studies, all placement roles offer valuable experience of working at a graduate level and gaining a range of professional skills.

If you are unable to secure a suitable placement for your third year, you will be able to transfer to the non-placement variant of your degree and continue with your studies at Lancaster, completing your degree after your third year. The University also offers a range of shorter placement and internship opportunities, which you would be welcome to apply to as an alternative.

### *Study abroad*

As a Lancaster student, you may have the opportunity to study abroad for a semester or a full academic year as part of your degree. We have partner universities in Europe, the USA, Canada, Mexico, Australia, New Zealand, China and Hong Kong all offering opportunities and you will choose from a shortlist of partners, which are compatible with your degree. While some degree programmes have study abroad built in (those with Study Abroad in their title), you can apply to study abroad on many of our degree programmes after you have started at Lancaster – although there may be less choice and availability.

## For our postgraduates

### *Creative and critical thinkers*

We offer a wide range of both taught and research degrees designed to broaden your experiences. A postgraduate degree from Lancaster can propel you towards a new or advanced career, or help you progress into research.

By joining us as a postgraduate student, you'll have access to resources and space in which you can learn and grow. You'll study alongside our innovative academics through research led teaching, develop your career potential and be surrounded by a ready-made, global community.

### *Taught degrees*

Our taught postgraduate degrees normally involve a combination of taught modules, coursework and a major project or dissertation.

While most taught programmes enable you to build upon your undergraduate studies, some academic programmes are open to students with little or no prior academic experience in the subject.

### *Research degrees*

Our postgraduate research students are an important part of our research community and make up a substantial part of our student population. We have a range of research options at Lancaster including:

- **Doctor of Philosophy (PhD)**

Taking between three to four years to complete, most doctoral students at Lancaster work on a traditional PhD by Research. This includes research training and an emphasis on conducting original research leading to a written thesis.

- **Professional Doctorates**

We offer two types of professional doctorates: Doctor of Medicine (MD), taking two years to complete and the Doctor of Clinical Psychology, which takes three years to complete.

- **MSc by Research**

A Masters by Research differs from a traditional taught degree as it offers the opportunity to carry out an in-depth research project. It is designed to prepare students for doctoral or PhD research and allows students to develop a programme that is based on their own academic interests.

- **Integrated degrees (1+3)**

Several of our courses offer students the option to take a bridging approach to postgraduate study. Known as Integrated Degrees, or 1+3, they can be followed at Masters level before progressing directly to PhD level.

Although there is a taught component to these courses, they are ideal for anyone who already has a clear idea of the field they would like to research and they are assessed primarily by dissertation.

# A place for everyone

**Siti Zahra**  
Creative Writing with English Literary Studies, Graduate College  
From Indonesia

My course offers a variety of modules, with experienced and inspiring tutors leading each of them. There are also a lot of things to do outside of the class related to my course – writing and editing support groups, publishing opportunities, and even writing workshops. There is not one dull moment when learning with my wider course community.

There were lots of moments of accomplishment that I will never forget: my department requesting to display my work for other

students to see; performing at the University theatre as part of a musical cast; and singing at an open mic event in the city with my close friends to help boost my confidence.

I would describe the community at Lancaster as very welcoming, friendly, and tight-knit. There are many opportunities to get to know people within and outside of the course, and it is meeting and building a strong connection with these people that makes Lancaster feel all the more like home.

**Tai Roseman**  
Design, Bowland College  
From Trinidad and Tobago

I have enjoyed lots of opportunities that the University has offered to allow me to grow. From entering department competitions and completing internships, to competing with universities across the UK through societies and sports tournaments.

At the end of my first year there was an open competition within the faculty to help design the user interface for the University's app. I won and I was able to spend a few days helping the Information Systems team design the app. I also became a Digital Content

Ambassador for the University, and I was able to partake in videos, livestreams and Instagram take-overs, talking about my university experience and giving a glimpse of what university life is like.

My degree has used a variety of learning methods such as consultancy projects with actual businesses, industry guest lectures and practical briefs to give us a rich experience and exposure to the world outside of university. It has prepared me for the level and quality of work that future employers expect in my field.

**Emily Shim Yi Jie**  
Physics, Cartmel College  
From Malaysia

It's easy to settle into life at Lancaster, whether home is a few hours away or halfway around the world. There's nearly always something going on for those craving activity and participation, and numerous quiet spots tucked away for peace and relaxation. Most importantly, you can always find someone who shares the same culture, language, interests and home.

My course pushes us to give our best while taking care not to overwhelm us. It's challenging, as a university course should be, but ensures that we're well-equipped with a thorough understanding and

a wide repertoire of valuable soft and hard skills for the future. In particular, I am extremely grateful for my academic supervisor, who has been a constant and excellent source of advice and encouragement.

My flatmates were friendly from the start. While there are differences in our courses and cultures, there's always an interesting conversation to be had. Additionally, there's a huge international community here - plenty of chances to meet someone from home. Hearing a familiar language is always a joy!

**Denis Velic**  
Management, Cartmel College  
From Greece

My course has allowed me to make great friends, make connections that will help my career, and most importantly, has opened doors to many opportunities. Studying at Lancaster allowed me to gain extremely valuable experience during my placement year due to the recognition the University has in the business world. The University also offers support for any homesickness or mental health concerns – it has gone above and beyond to ensure I am able to succeed in my classes to my maximum potential.

I chose Lancaster because I sensed that there was an amazing community feeling that would make it become my second home. And I was right! The community feeling you receive at Lancaster is truly unique and that is rare to come across nowadays. If I summed up my experience studying at Lancaster as an international student it would be simple: it feels just like home. It feels like a home, away from home, where you move in and create your own network that supports you and allows you to excel.

# International foundation programmes

*Based on campus, the International Study Centre provides students that need it with the opportunity to take a pathway programme, allowing you to prepare for and then progress on to either an undergraduate degree at Lancaster University the following year.*

## *International Study Centre*

Our International Study Centre programmes are delivered by a partner in collaboration with Lancaster University. When you join the International Study Centre, you will begin your journey towards gaining a degree from a top UK university and a rewarding career.

An International Foundation Year allows you to progress to a broad range of undergraduate degree choices at Lancaster University, and our Pre-Masters Programme enables you to progress to postgraduate study at the University. The programmes are carefully designed to combine academic modules and, where needed, English language training with the study skills you will need to progress to degree study.

The programmes are not just about your academic studies, they are designed to help you to settle into your new environment and encourage you to get fully involved in campus life and the community at Lancaster University. From day one, you will be part of the University: living, studying and socialising within our close and friendly community. You will also live in one of our colleges with other students and will have access to the University's excellent facilities such as the library and the sports centre, along with access to Students' Union activities.

## *Study structure*

We have six International Foundation Year pathways and two Pre-Masters Programme pathways, each leading to degree study in a related subject.

International Foundation Year pathways include:

- Business and Management
- Engineering and Computing
- Law
- Life Sciences
- Mathematics and Statistics
- Social Studies

While the Pre-Masters Programme offers pathways in:

- Business, Law and Social Sciences
- Engineering, Computing, Mathematics and Science

## *University-style teaching*

You will learn in a university-style environment. This includes participating in group lectures, seminars and tutorials and undertaking independent study. This style of teaching really helps you to prepare for university life and feel confident about progressing to degree study.

## *Improve your English*

If you need to top-up your English before starting your International Foundation Year or Pre-Masters Programme, you can join our English Language Preparation programme or English for Pre-Masters programme for one term. At the end of the programme, you will be ready to start on your chosen pathway at the International Study Centre.

## *Regular assessment*

To ensure you make steady progress throughout the programme and achieve the grades you need, we will give you regular assessments. This can include exams, coursework, presentations and extended essays among other forms of assessment.

For more information, please visit [www.lancaster.ac.uk/isc](http://www.lancaster.ac.uk/isc).

# A world of opportunity

## Postgraduate opportunities

Some postgraduate degrees may offer field trips or overseas visits. Opportunities for studying abroad at postgraduate level vary widely across departments. If you are considering studying abroad during your postgraduate degree, please discuss your options with your department.

Masters students in the Management School have the opportunity to compete for a place on the postgraduate study abroad programme. Destinations are worldwide and vary each year. For updates, please visit [www.lancaster.ac.uk/lums/postgraduate/study-abroad](http://www.lancaster.ac.uk/lums/postgraduate/study-abroad).

Please note that overseas opportunities for both undergraduate and postgraduate students may be impacted by international travel or Government border restrictions.

For further details about study abroad opportunities, please email [globalexperiences@lancaster.ac.uk](mailto:globalexperiences@lancaster.ac.uk).

*Studying at Lancaster is all about broadening your horizons, finding new perspectives and discovering new experiences. At Lancaster, you get to be part of a community that starts with your college and stretches beyond the campus and right round the world.*

You'll have opportunities to make international connections of your own, living and studying with students from more than 100 countries. You could be doing group work, getting involved with one of the student societies or enjoying a night off at a large or small social event. You'll learn from world-leading staff from around the globe who are working on ground-breaking research, which is recognised internationally.

We have developed a range of opportunities for you to travel overseas as part of your degree experience to broaden your cultural understanding, develop new skills and enhance your employability.

As an undergraduate, you might spend a few weeks abroad as part of your course, study for a year at one of our partner universities around the world or undertake a work placement abroad. We have over 120 approved partners worldwide for semester- or year-long study.

## Vacation travel

We also have an increasing number of vacation opportunities where you can spend time at one of our overseas campuses or partners with fellow Lancaster students and staff. Recent destinations have included Malaysia, China, India, Ghana, Germany and the USA, as well as degree specific field trips in Italy, Iceland, Switzerland and New York.

For further details, please visit [www.lancaster.ac.uk/global-experiences](http://www.lancaster.ac.uk/global-experiences).

## Pathways to Lancaster

In collaboration with our overseas partners, we offer a number of undergraduate and postgraduate transfer programmes in a variety of subject areas. These enable students to experience education in both their home country and the UK. These access and articulation programmes allow students to spend one or two years of study in their own country followed by a period of study at Lancaster, leading to a single or double degree award.

For further information about these programmes, please visit [www.lancaster.ac.uk/transfer-programmes](http://www.lancaster.ac.uk/transfer-programmes).

# Support, societies and sports

*Maintaining good mental and physical wellbeing is very important, and everyone needs support from time-to-time. Lancaster University offers a range of services to help you make the most of your time with us.*

## Student services

Our one-stop enquiry desk, right in the heart of the campus, provides friendly and expert advice on a range of academic and non-academic issues.

We offer a range of specialist support services, help with financial matters and careers advice. If you have a disability, our Disability Service will assess your needs and put in place appropriate support for your studies.

Our Counselling and Mental Health Service can provide short-term support to help you to continue to engage in your studies when experiencing emotional and mental health challenges. If you need a visa, our visa and immigration team will provide you with all the necessary documentation for you to apply for your visa once you have an unconditional offer. We have a medical practice on campus and a pre-school offering a range of services for parents.

We offer opportunities to access paid work whilst you study, and we work in partnership with your academic department and college to ensure you receive the right support at the right time.

[www.lancaster.ac.uk/ses](http://www.lancaster.ac.uk/ses).

## Chaplaincy

Our Chaplaincy Centre is a welcoming and engaging place for people of all faiths and none. It offers a space for exploring issues of spirituality and building community, or just a quiet place to eat your lunch.

## Your Students' Union

All students at Lancaster can find a sense of belonging and many opportunities to get involved in university life through the Students' Union. It's here to represent you and support you.

Everything it does has students at its heart – working to be a force for positive change, supporting wellbeing and helping you to have a great experience while you're with us.

Societies, sport, volunteering, academic support, welfare advice and much more, the Students' Union does it all - making sure you have all the opportunities you need to enjoy a fulfilling student life.

When you come to study at Lancaster University, you will automatically become a member of Lancaster University Students' Union. However, if you do not wish to join, you also have the right to opt out of membership.

To find out more, please visit [www.lancastersu.co.uk](http://www.lancastersu.co.uk).

## International societies

Lancaster's vibrant community of international, cultural and faith societies is here to help you make our campus your home. Supported by Lancaster University Students' Union, there are over 175 societies, including around 30 international groups, here to welcome you from the day you arrive.

These groups are a fantastic opportunity to meet new people, have fun, and develop skills that help you when looking for a job. And, if there isn't a society you're interested in, you can set one up.

Find out more at [www.lancastersu.co.uk/societies](http://www.lancastersu.co.uk/societies).

## Sports

Included in the many societies at Lancaster, we have a wide range of sports clubs and fantastic sporting facilities that allow you to stay fit and have fun.

With over 80 sports clubs and a £20m sports centre featuring the very latest in top of the range facilities, there is something for everyone, whether you are highly competitive or just want to have fun.

On our campus, you'll find extensive sports facilities including a 25-metre swimming pool, a fully equipped fitness suite, and an 8.5-metre climbing wall and bouldering cave specially designed with input from the renowned mountaineer Sir Chris Bonington.

If you prefer to take your exercise outdoors then you'll find that our 560-acre campus has plenty of space for sport and recreation. We have all the usual facilities such as tennis courts and sports pitches as well as a 2.6-mile trim trail.

Our teams compete in the British Universities and Colleges Sports (BUCS) competitions and there are lots of inter-college sports events throughout the year. One highlight of the year is the Roses competition, a varsity tournament where Lancaster University goes against its sports rivals York University.

# Nine colleges, one home

*All our students belong to one of our nine colleges, which means you'll find yourself in a friendly, supportive environment from your first day. At Lancaster, all of our accommodation is located within our college communities so living in student accommodation can be a good way to settle into university life.*

Each of our colleges has their own personality, but picking which one to join usually comes down to the type of accommodation you want and the facilities you need. Our accommodation has been named Best University Halls in the National Student Housing Awards eight times since 2010. It includes townhouses, studios, en suite rooms, catered accommodation or even furnished family flats, so there is something to suit everyone.

But it's more than just a place to stay. It's where you'll study and socialise too. So, when you've finished your work for the day, you can meet your friends in the social space, settle down to a film or even see a band play. If you can find the time in your schedule, your college's events and activities can fill it; languages, quizzes and even cooking classes. And, even if you don't live on campus, you can always come and join in – your college is yours wherever you're staying.

So it's a great place to spend time. It's as much a group of people as it is a building, it's your team, your university family. It might take a little time to get to know the others on your course, or to figure out which clubs to join, so your college is a ready-made set of friends. You live together, study together and compete together, in everything from sports to debates to business. And because these are the people you get to know first, they're often the friendships that last the longest.

During your time at Lancaster, your college offers the first port of call for any support. There are staff on duty round the clock, ready to help – whether it's a friendly word of advice, or you need some support.

To find out more about our colleges, please visit [www.lancaster.ac.uk/colleges](http://www.lancaster.ac.uk/colleges).

## Lancaster University Homes

If you prefer to live in the city, then Lancaster University Homes can help you to find suitable student housing. With a comprehensive list of approved city-centre houses, flats and halls, you can be safe in the knowledge that we have inspected all properties included in the scheme to ensure that they meet ours and the UK government's standards.

To find out more, please visit [www.lancasteruniversityhomes.co.uk](http://www.lancasteruniversityhomes.co.uk).

## Example 2021/22 room rates

Room type	Cost per week	College
Basic Standard with washbasin	£94.99	Bowland
Standard with washbasin	£110.88	Bowland, Furness, Grizedale, Pendle and Graduate
Superior Standard with washbasin	£125.37	County and Bowland
Townhouses	£132.93	County, Grizedale and Graduate
Basic En Suite (private shower/WC)	£131.46	County and Bowland
En Suite (private shower/WC)	£141.75	Bowland, Fylde and Graduate
Superior En Suite (private shower/WC)	£145.46-£154.98	All Colleges

Bowland, County, Lonsdale and Cartmel Colleges all offer some accommodation with catering, you will need to add approximately £50 per week to the costs listed above.

We offer a range of accommodation suitable for families with children, with two and three-bedroom homes situated across campus.

For more information about the accommodation options available and the current prices, please visit [www.lancaster.ac.uk/accommodation](http://www.lancaster.ac.uk/accommodation).

# Hello Future

*Students and graduates of Lancaster University benefit from a careers service that currently offers lifelong advice. For as long as you need it, help and advice are available.*

## Planning your future

Preparing for life after university is a central part of our student experience. The Careers team work with the Students' Union, employers, alumni, faculties and academic departments to deliver a proactive and tailored service for all stages of your career planning.

## Get work experience

Internships, work placements and work experience help you to make informed choices about job sectors and specific occupations, develop skills that employers want, and enable you to evidence your employability to potential future employers. Our Careers staff can help you identify and secure the right work experience for you. The University also has a professional recruitment agency within the Careers and Employability Service to provide you with more opportunities and support to find temporary, paid work on campus and in the local area. It is your responsibility to check any restrictions on your student visa before undertaking any employment.

## The Lancaster Award

The Lancaster Award provides formal recognition for your extra-curricular activities that develop your employability such as sports, part-time work or volunteering. Developed in partnership with employers, the certificate rewards you for making the most of your time at Lancaster, and enhances your future job prospects by encouraging you to acquire and develop skills valued by employers.

For further details, please visit [www.lancaster.ac.uk/lancaster-award](http://www.lancaster.ac.uk/lancaster-award).

## Expert help

We offer a range of workshops, webinars, employer-led events, information, advice, and one-to-one guidance to help you explore your career options. Through our Career Mentoring Programme, we can also introduce you to graduates and employers who have first-hand knowledge of the sectors that interest you.

You can book consultation appointments with our staff to help you to develop your careers plan, ensure that your applications are tailored and effective, and help you practise every stage of the graduate recruitment and selection process.

You can also book onto our regular careers workshops, which give you the opportunity to develop specific skills, such as job searching, online job applications, psychometric tests, effective interviewing, and preparing for assessment centres.

For further details, please visit [www.lancaster.ac.uk/careers](http://www.lancaster.ac.uk/careers).

## Go online

As a Lancaster student, you'll have access to a wealth of careers information through our online services, which offer a range of licenced digital products to help you manage your graduate career. Our enhanced digital provision, available 24/7, enables you to access career and employability development learning, job vacancies, up-to-date labour market information, and online recruitment test practise, such as video interviews and online assessment centres. We also offer an eGuidance service, online workshops, and employer webinars and appointment bookings. We advertise all our part-time and full-time graduate vacancies online.

## Meet graduate recruiters

We run a range of careers fairs throughout the year, including some specialising in a particular sector or type of work, such as law, or the more multi-subject autumn fair, and our part-time jobs fair.

Prospective employers also run skills workshops and deliver presentations on their opportunities for students and graduates. These are a great chance to develop your skills, learn more about different organisations to inform your career planning, and to grow your professional network.

Over 100 employers and alumni offer their services every year to individually mentor students who would like one-to-one help with progressing their career goals. Careers staff match interested students with mentors very carefully so both can experience a productive and beneficial mentoring relationship.

## A global network for life

*As a Lancaster student and graduate, you will join a global alumni community. We have over 148,000 Lancaster alumni in around 180 countries across the globe and over 50 alumni groups around the world.*

From the beginning of your student days, you will have the opportunity to connect with alumni, and you can continue to access this network after you graduate.

We have a team of dedicated alumni volunteers and you'll find alumni activities in over 40 cities worldwide including Beijing, Dusseldorf, Guangzhou, Hong Kong, London, Paris, Seoul, Shanghai and Taipei.

Our groups, events and online communities provide a way for you to develop your professional and social networks, and to keep you connected with fellow graduates wherever you are in the world.

The "Lancaster for Life" alumni programme will give you access to a wide range of benefits including:

- An Alumni Loyalty Scholarship for taught Masters programmes
- Free online journal access at the University Library
- A wide programme of alumni events across the world: professional networking, reunions, lectures and socials
- Dedicated alumni LinkedIn and Facebook networks
- Quarterly newsletters and an annual alumni magazine, STEPS

Find out more at [www.lancaster.ac.uk/alumni](http://www.lancaster.ac.uk/alumni).

# Realising ambitions

*Sophia Au is a Wealth Management Director at FTLife, one of the largest life insurance companies in Hong Kong and is the presenter/host of the bilingual business podcast Step Into Abundance 360. Sophia graduated from Lancaster in 2014, where she studied a degree in marketing and was a member of Pendle College.*

## *Why Lancaster was for me*

I am originally from Hong Kong, but I wanted to study in the UK to gain international insights and experiences. I felt that it would be a great opportunity to develop a global network of friends. I chose Lancaster because it is highly ranked in league tables and is known for its excellent research and teaching quality. I particularly liked that the teaching was highly practical and not just theoretical.

Lancaster was also appealing because of its surroundings. It's close to nature and is a really refreshing environment. I really enjoyed being able to go hiking and visit the Lake District. It also felt a lot safer than other cities like London and Manchester, giving me a sense of a peaceful home.

I would describe Lancaster as an excellent place for high-quality teaching in a fantastic environment with a great network of people. My favourite part of being at Lancaster was that everyone in the city and the university were friendly and there are alumni all over the world.

## *Valuable, career enhancing opportunities*

Being at Lancaster means that you have lots of opportunities open to you, both as part of your studies and outside of your academic career.

I worked for a local manufacturing company in my third year, helping to conduct market research and gathering positive feedback on their new product launch. This was a great experience of working in a western culture, which is so different from an Asian culture, and learned about the core values of professionalism and work-life balance.

I also volunteered at OXFAM and at a local charity. I was delighted to be awarded Lancashire County Council's Volunteer of the Year award.

Lancaster supported my career ambitions as it helped me step out of my comfort zone and be adventurous. I am a firm believer of taking action - we will never get anything we want unless we ask and make the first attempt. Since leaving Lancaster, I am delighted to have received a Distinguished Toastmasters (DTM) award, the highest recognition of Toastmaster International which is a world leading organisation for professional public speakers. Currently, I am building my team at work and developing my personal brand through podcasts, video-filming and many other things.

## *Community*

To anyone thinking about studying at Lancaster I have five top recommendations:

1. Arrive at Lancaster at least a week early and join the arrival week activities if possible.
2. Participate in a variety of clubs and societies as much as possible so that you can develop your network outside of the academic aspects of university life.
3. Join the local community through meet up groups and explore the local culture.
4. Learn and practise public speaking.
5. Spend at least a year living off campus to get a different experience.

I look back fondly on my time at Lancaster and continue to engage with the University as an alumna. It's a community for life.

# Fees and funding

The cost of your degree depends on the area of study you are interested in. Our fees for international students are variable and the cost depends on the degree programme and level you choose to study. If you are from the European Union, and will start your programme in 2022, you will pay the overseas fee. The tables below show fees for overseas students in 2021-22. For the latest fees and funding information, please visit our website.

## Undergraduate annual overseas fee ranges (2021 entry)

The fees vary depending on the degree programme you study. Please check online for specific fees.

£19,930	Arts and Social Sciences
£20,440	Management School (excluding Accounting and Finance)
£21,900	Accounting and Finance
£24,070	Science and Technology
£36,430	Medicine

## Postgraduate annual overseas fee ranges (2021 entry)

The fees vary depending on the degree programme you study. Please check online for specific fees.

	Standard Fees	
	Taught degrees	Research degrees
Full-time: Science and Technology	£24,430	£22,250
Management School (dependent on programme)	£22,000 - £24,150	£17,700
MBA	£33,000	N/A
Full-time: Arts and Social Sciences	£19,940	£17,700

Our annual tuition fee is set for a 12-month session, which usually runs from October to September the following year. The University will not increase the tuition fee you are charged during the course of an academic year. For students starting at the University for the 2022 session, subsequent fees may be subject to increases. The way in which continuing students fee rates are determined varies according to an individual's fee status. Indicative increases in previous years are provided on our website to assist students in planning ahead.

[www.lancaster.ac.uk/study/fees-and-funding/fees-in-subsequent-years](http://www.lancaster.ac.uk/study/fees-and-funding/fees-in-subsequent-years).

## Scholarships and bursaries

To help with study and living costs, Lancaster University offers a range of scholarships and bursaries, including:

- Lancaster University Scholarship
- Alumni Loyalty Scholarship
- Lancaster University Bursary
- Lancaster Sanctuary Bursary

Many of our scholarships offer support towards fees, although some may also contribute towards living costs. Competition for these scholarships is mainly based around academic performance and the number of scholarships and studentships offered varies from year to year.

Other sources of funding include Chevening Scholarships and the British Council.

Find out more about funding opportunities at [www.lancaster.ac.uk/scholarships](http://www.lancaster.ac.uk/scholarships).

## Living costs

At Lancaster, living costs tend to be lower than many other places in the UK. The amount you need to spend on accommodation, household costs and social expenses will depend on your own personal circumstances and the lifestyle you choose to lead.

When you apply for a visa to study in the UK, the UK government will require you to have a minimum level of money to cover living expenses in addition to your tuition fees. For more information about this, please contact our visa and immigration team or visit [www.lancaster.ac.uk/ses/visa](http://www.lancaster.ac.uk/ses/visa).

The budget below aims to show the estimated costs you can expect as a single student whilst living and studying at Lancaster. Please note that the example budget does not include entertainment and insurance costs or tuition fees.

Item	Estimated weekly cost
Rent	£130
Bills (off-campus accommodation only)	£20 - £25
Food and toiletries	£45
Books and stationery	£15
Clothes	£10
Telephone	£10
TV licence	£4
Laundry	£5

It is also important to note that the costs detailed in the example budget do not include travel to and from your home country. You will need to budget for any trips home in addition to these listed living costs.

Students undertaking postgraduate research programmes should budget for more than the estimated costs above in order to cover research-related field trips, visits to off-campus libraries and attendance at conferences.

For further detailed information on budgeting, please visit [www.lancaster.ac.uk/living-costs](http://www.lancaster.ac.uk/living-costs).

# How to apply

## Undergraduate

Your school or college should be able to assist you with your application, or you may wish to contact a British Council Office or use an international agency for support. If you have already left school or college you'll find advice on how to apply on the UCAS website or you can contact our Admissions team.

The information provided in this prospectus gives a guide to our courses offered and the entry requirements, but from time to time these may change. We advise all applicants to visit our online course pages prior to making an application at [www.lancaster.ac.uk/ugcourses](http://www.lancaster.ac.uk/ugcourses).

### Application deadlines

The closing date for applications for Medicine is 15 October. For all other courses, applications should be submitted by 15 January. Some courses may accept applications after this date, if places are available, up until 30 June. For vacancies, please contact the Admissions team or visit [www.ucas.com](http://www.ucas.com).

### After you've applied

We consider applications from the beginning of the admissions cycle, usually on a rolling basis. We aim to reply with a decision within three to four weeks of applying.

## Postgraduate

You can apply for most postgraduate programmes using our online applications portal, but a few require you to apply through a different route. For example, an external agency administers applications for the Doctorate in Clinical Psychology (DClinPsy). You will find information about any external application processes on our online course pages.

[www.lancaster.ac.uk/pg-how-to-apply](http://www.lancaster.ac.uk/pg-how-to-apply).

If you want to apply for a postgraduate research degree, we would advise you to consult our departmental web pages prior to submitting an application to pinpoint your research area and investigate whether supervision is available at Lancaster University. For the majority of our research programmes, we recommend that you identify a potential supervisor prior to submitting a formal application. Once you have identified a potential supervisor you should apply by using our online application form. As part of your application, you will probably need to submit a research proposal, which should demonstrate to your potential supervisors that you have identified a piece of research that is well thought-out and achievable.

We do offer some funded PhD studentships, and information about these can be found on our departmental web pages. If you are applying for one of these, please follow the instructions on how to apply as it can vary depending on the funding body and area of research.

### What do I need to include with my application?

The online applications portal will guide you through the details that you need to provide and the supporting documentation screen will provide you with a list of required documents.

These will usually include:

- Degree certificates and transcripts of previous higher education (college/university) degrees. For transcripts in languages other than English, a certified English translation will be required
- Personal statement
- References (we can automatically contact your referees once you have submitted your application, if you ask us to)
- Research proposal (for research degrees)
- If English is not your first language, a copy of your English language test result

Some of our courses have specific requirements for the research proposal. Information about the requirements and guidance on how to write a research proposal can be found on our website.

### Questions

If you have any questions about how to apply, please contact the Admissions team.

# Entry requirements

*Lancaster has been welcoming students from around the globe for many years. We have a lot of experience with the different education systems across the world. To study at Lancaster you need to ensure you meet our academic entry requirements. If your first language is not English, you will also be asked for a recognised English language qualification.*

## Undergraduate

For undergraduate study, the exact grades that we require will vary according to the degree scheme and some courses may require you to have a qualification in a specific subject.

If you are studying A levels or the International Baccalaureate you will find our entry grades at [www.lancaster.ac.uk/ugcourses](http://www.lancaster.ac.uk/ugcourses).

You will find a detailed list of other qualifications that we accept at [www.lancaster.ac.uk/ug-entry-requirements](http://www.lancaster.ac.uk/ug-entry-requirements).

If you are unsure, or if your country isn't listed, then please contact the Admissions team for advice by emailing [ugadmissions@lancaster.ac.uk](mailto:ugadmissions@lancaster.ac.uk).

A level	BTEC Extended Diploma	International Baccalaureate
AAA	DDD	36 pts with 16 pts from 3 HL courses
AAB	DDD	35 pts with 16 pts from 3 HL courses
ABB	DDM	32 pts with 16 pts from 3 HL courses

## Postgraduate

For postgraduate study we accept a range of international qualifications, please visit our website for details.

For a detailed list of how Lancaster University academic entry requirements match the qualifications from your country, please visit [www.lancaster.ac.uk/pg-international-qualifications](http://www.lancaster.ac.uk/pg-international-qualifications).

If you are unsure, or if your country isn't listed, then please contact the Admissions team for advice by emailing [pgadmissions@lancaster.ac.uk](mailto:pgadmissions@lancaster.ac.uk).

## Foundation courses

If you are from a country where the secondary (High School) education system is broader than that of the UK, or is one year shorter, you may need to take a foundation course, or 'top-up' course, before you are considered ready to enter a UK undergraduate degree scheme.

If you are looking to study a postgraduate qualification at Lancaster, we also offer a Pre-Masters Programme, which allows you to progress onto a standard Masters course.

For more information about the foundation courses offered at Lancaster, please visit [www.lancasterisc.com](http://www.lancasterisc.com).

## English language requirements

If your native language is not English, you will need to ensure that you meet our minimum English language standards. The level we require will depend on the programme you wish to study.

For detailed information on the qualifications we accept please visit [www.lancaster.ac.uk/english-requirements](http://www.lancaster.ac.uk/english-requirements).

## Pre-sessional English courses

If you have taken an approved English language test but do not meet the minimum entry requirements for your chosen degree scheme, you may be eligible to take one of our pre-sessional English language courses to bring you up to the required level.

For more information, please visit [www.lancaster.ac.uk/pre-sessional](http://www.lancaster.ac.uk/pre-sessional).

# Our courses

*We have nearly 600 undergraduate and postgraduate courses to choose from. Many of our undergraduate courses also offer an option of a four-year study abroad, placement year or industry variant. Please visit our website for further information.*

*We also offer a range of four-week and 10-week English language courses and a range of foundation courses to help you prepare for university-level study. For more information on what is on offer, please visit [www.lancaster.ac.uk/pre-sessional](http://www.lancaster.ac.uk/pre-sessional).*

# Stay connected

*Our friendly staff will help you throughout your application and arrival to Lancaster.*

## Postal address

International Recruitment  
University House  
Lancaster University  
Lancaster  
LA1 4YW  
UK

## General enquiries

Tel: +44 (0)1524 593836  
Email: [internationalrecruitment@lancaster.ac.uk](mailto:internationalrecruitment@lancaster.ac.uk)

## Study abroad enquiries

Tel: +44 (0)1524 510068  
Email: [studyabroad@lancaster.ac.uk](mailto:studyabroad@lancaster.ac.uk)

## Online events

We offer a wide variety of online events to help you get a flavour of Lancaster and our courses.

Find out about student life at Lancaster, our colleges and accommodation, or join a live chat with students and staff. Online events run all year round, so don't wait, see what events are coming up by visiting [www.lancaster.ac.uk/connect](http://www.lancaster.ac.uk/connect).

## Virtual tours

You can explore our campus from the comfort of your own home, thanks to our virtual tour. From a range of videos to a series of 360-degree panoramas, we have everything you need. For more information, please visit [www.lancaster.ac.uk/virtualtour](http://www.lancaster.ac.uk/virtualtour).

## Visit campus

Our green and spacious campus is open to the public all year round, so you can visit and explore whenever you please. Taking a campus tour with a current student is the best way to discover the campus and you can ask questions at the same time. The Welcome Centre, staffed by student ambassadors, is the perfect first port of call on any visit to campus.

We encourage you to contact us before visiting to check the Welcome Centre's opening hours and book a campus tour. [www.lancaster.ac.uk/campus-tours](http://www.lancaster.ac.uk/campus-tours).

## Events for your region

We regularly host and attend events to meet overseas students interested in studying with us. Find out about our latest international events at [www.lancaster.ac.uk/international-student-events](http://www.lancaster.ac.uk/international-student-events).

We also work with representatives in many countries. For more information, please visit [www.lancaster.ac.uk/find-an-agent](http://www.lancaster.ac.uk/find-an-agent).

## Talk to students

Got a question about student life, a course or Lancaster? Then get in touch with one of our friendly student ambassadors, or read one of their blogs to find out more about their life at Lancaster University. [www.lancaster.ac.uk/chat](http://www.lancaster.ac.uk/chat).

## Important information

The information in this publication relates primarily to 2022/23 entry to the University and every effort has been taken to ensure the information is correct at the time of printing in July 2021. The University will use all reasonable effort to deliver the courses as described but the University reserves the right to make changes after going to print. In exceptional circumstances that are beyond the University's reasonable control (Force Majeure Events), we may need to amend the programmes and provision advertised. However, in this event, the University will take reasonable steps to minimise the disruption to your studies. You are advised to consult our website at [www.lancaster.ac.uk/study](http://www.lancaster.ac.uk/study) for up-to-date information before you submit your application. More information on limits to the University's liability can be found in the Student Contract at [www.lancaster.ac.uk/terms](http://www.lancaster.ac.uk/terms). Further legal information may be found at [www.lancaster.ac.uk/compliance/legalnotice](http://www.lancaster.ac.uk/compliance/legalnotice).

## Contract terms for students

The University strives to provide excellence in teaching and research, and to enhance the student experience by focusing on the needs of our students and by seeking to instil a shared sense of inclusiveness, collegiality and community. Underpinning this partnership, the University has a supportive set of regulations, policies and procedures, which are designed to protect and maintain both academic quality and your rights and responsibilities as students of our University. The Student Contract sets out these rights and responsibilities, and states the obligations of both parties to each other. Further information can be found at [www.lancaster.ac.uk/terms](http://www.lancaster.ac.uk/terms).

## Coronavirus (Covid-19)

Throughout the coronavirus pandemic we have been following the advice from the UK Government, Universities UK and Public Health England and our priority is the welfare of our students and staff. You can find the latest information for prospective students at [www.lancaster.ac.uk/coronavirus/applicants](http://www.lancaster.ac.uk/coronavirus/applicants).
