

Awards & scholarships for undergraduate students

We recognize that college is one of the biggest investments you will make, and we believe in rewarding the talents and achievements of ambitious students. To help make that investment as affordable as possible, all incoming students can apply for a range of merit-based scholarships or need-based awards that reward your achievements and potential both inside and outside of the classroom.

Merit-based scholarships

Academic Excellence Scholarship

The Academic Excellence Scholarship recognizes exceptional students who have demonstrated outstanding academic accomplishment and dedication. Candidates must present evidence of either a 3.6+ GPA or an SAT score of 1,400+.

For the 2021-2022 intake, recipients of this scholarship receive \$10,000 USD or £7,000 GBP each academic year. This translates to \$40,000 USD or £28,000 GBP over four years, or \$30,000 USD or £21,000 GBP over three years.

Students awarded this scholarship may also apply for additional merit-based scholarships and need-based awards; however, they may only receive one in each category, with the exception of the DECA Scholarship.

For the 2021-2022 intake, recipients of the following scholarships receive \$5,000 USD or £3,500 GBP each academic year. This translates to \$20,000 USD or £14,000 GBP over four years, or \$15,000 USD or £10,500 GBP over three years.

Interested candidates can apply to multiple merit-based scholarships but can only be awarded one, with the exception of the Academic Excellence Scholarship and the DECA Scholarship.

Global Generation Scholarship

Recognizes students who bring a unique global perspective to our school community through their international experiences or multilingualism.

Growth Mindset Scholarship

Recognizes students that demonstrate a growth mindset, personal development, and achievement in the face of adversity.

Future Leader Scholarship

Recognizes students who have the desire and potential to achieve significant success as future leaders in any industry. These students exhibit drive, self-awareness, and have the confidence to lead others.

Technology & Innovation Scholarship

Recognizes outstanding students who have a strong desire to learn about the technology that is shaping tomorrow.

DECA Scholarship

As an official partner of DECA, we recognize five incoming DECA member students from around the world who are emerging as the next generation of entrepreneurial business leaders.

Apply

Candidates who are interested in applying for these scholarships must first submit their student application. Get started at hult.edu/apply

Need-based awards

For the 2021-2022 intake, recipients of the following awards receive \$15,000 USD or £10,000 GBP each academic year. This translates to \$60,000 USD or £40,000 GBP over four years, or \$45,000 USD or £30,000 GBP over three years.

Through our awards program, we are committed to helping families with greater financial need make the Hult dream a reality. Our merit-based award recipients boast a wide range of accomplishments, but all share a passion that we want to see in our classrooms. Depending on your financial need, you may also be considered for additional assistance through the form of a regional grant. Applicants will be asked to provide financial documentation in addition to our standard essays.

Interested candidates can apply to multiple need-based awards but may only be awarded one.

Entrepreneurial Spirit Award

Recognizes students who have put ideas into action, characterized by their passion, perseverance, and resourcefulness.

Social Impact Award

Recognizes students with a strong passion for social entrepreneurship who are committed to making a positive impact in the world.

Visionary Women Award

Recognizes female students of outstanding drive, talent, vision, and diversity of thought, who challenge the status quo and bring a unique perspective to the table.

Hult Scholar Grant

Hult's goal is to grant full tuition to 10% of its incoming undergraduate students. Hult Scholars are dynamic thinkers, high achievers, and influential leaders. They also embody the Hult DNA by being entrepreneurial, open-minded, and by learning by doing. Hult Scholars have exceptional academic accomplishments, require significant financial support to aid in their education, and are nominated by their schools.
